LEARN & GROW AT THE Y

Preschool

HAL WELSH EAST AREA FAMILY YMCA

Our preschool nurtures the values, skills and relationships that lead kids to positive behavior, educational achievement, and better health. Our kids develop positive attitudes toward making friends and learning new things. They have fun as they grow in spirit, mind, and body.

PROGRAM GOALS

Children (ages 3-4) enrolled in our program will have the opportunity to learn the skills necessary for them to expand upon their creative abilities through a variety of hands-on activities, while learning how to participate in a group setting where we practice health socialization skills such as taking turns, sharing with friends, practice emotional regulation and problem solve through:

Music and Song • Science and Nature • Dramatic Play • Sensory Play • Large and Small Motor Development

OUR TEACHERS

Our teachers are well-trained, with many years of experience in early childhood education settings. Each teacher attends workshops to learn and develop new techniques to educate your preschool child. The Y teachers are energetic and nurturing, your child is our top priority at our YMCA Preschool.

This program runs from
8:00am – 5:00pm

3-Day Program: \$535/month
(Monday, Wednesday, Friday)

5-Day Program: \$820/month
