Revised 12/09/24

Schedule Dates: 12/9/2024-2/28/2025

**Aqua Fit** – This class provides an atmosphere of safe resistance for aerobic conditioning. Perfect for all levels, including pregnant and/or joint sensitive individuals. The class utilizes a variety of aqua equipment to improve strength and conditioning.

**Aqua Power** – This class uses water resistance to develop muscle tone, flexibility, cardiovascular health and general well-being. Participants will use aqua barbells and noodles to tone and to build strength.

**Balance and Pilates** – Using the natural effects of water to increase balance and range of motion.

**Cardio Core** – Build core strength in this medium- intensity aerobic workout. Increase your range of motion and improve muscle tone while improving your cardiovascular health.

**Deep Water Dynamics/Aqua Deep** – A belt will be used for flotation while aqua barbells are used to tone the upper body. This class is easy on joints and provides a great full body workout.

**Deep Waves** – This is a high intensity cardio class that will take place in deep water. Water belts are provided.

**Flex & Fit** - This is a low to moderate intensity class with strengthening and stretching of all muscle groups as the main focus. Movements can be modified to suit all ability levels making this class perfect for all ages.

**Silver and Strong** – A class for active older adults who wish to improve range of motion, strength, flexibility, balance and coordination. Work at your own pace to achieve a low-medium intensity water workout.

**Stretch and Tone** – Improve range of motion and strengthen and tone muscles in this shallow end class.

**Variety Water Fitness**- This class will introduce you to various class types.
